Appointment Date	Time
Preparation Notes	

Please bring your request form and any previous films to your appointment.

If you have any queries regarding your examination or are unable to keep this appointment please call reception on 9525 7770.

Patient Preparation

X-Ray & Dental Imaging

- A basic X-ray does not require any special preparation. Metal objects such as watches, keys and jewellery may need to be removed.

Ultrasound (Abdomen)

- Nothing to eat, drink, smoke and no chewing gum for 6hrs before the test. Under 6yrs old, no preparation required. Medication and sips of water allowed.

Ultrasound (Renal, Pelvis, Obstetrics)

- Empty your bladder 1½ hours prior to your appointment. Then drink 3 glasses of water in the next ½ hour – do not empty your bladder until after your ultrasound.
- Children under 6yrs old, drink 2 glasses of water 30 minutes before ultrasound and hold.

3D Mammography

- You will need to wear a two piece outfit (top with trousers or skirt) so you can remove your top for the mammogram.
- Shower the morning of your appointment and do not apply any deodorants, antiperspirants, powders, lotions, creams or perfumes. Metallic particles in these products could be visible on your mammogram and cause confusion.

CT Scan

Abdomen & pelvis (liver, pancreas, adrenal glands, spleen, bowl, kidneys, bladder):

- Nothing to eat for 3 hours prior to appointment
- Arrive 1 hour prior to appointment to drink oral contrast solution (necessary for coating/highlighting the stomach and bowel)

Brain/head, soft tissue neck, chest & KUB (kidney, ureters & bladder):

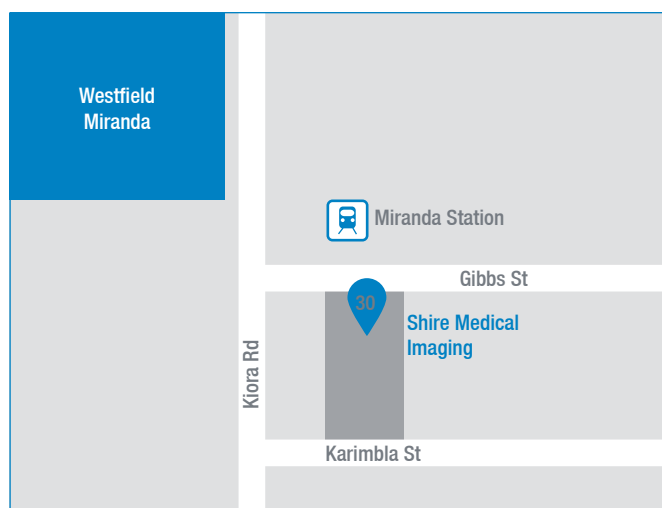

- Nothing to eat for 3 hours prior to appointment

Angiogram:

- Nothing to eat for 3 hours prior to appointment

Spine & extremities:

- No preparation
